

# 3" RGB CUBE SERIES WORK LIGHTS

## READY WHEN YOU ARE.

Available in off-road and Marine configurations, they deliver the perfect light beam patterns for any application.

Water and dustproof to IP69K, the D2 Series feature a super durable lightweight die-cast housing and polycarbonate lens, allowing for worry-free operation in even the toughest conditions.

## COLOUR CUSTOMISATION.

Not only do these light up the side of the road extremely well, they also allow for backing light colour customisation.

Using the included Harness Simply set your favourite colour from the 7 colour options away you go!

## ITS IN THE DETAILS.

The BASE6 Cube is the perfect solution for those who want legendary quality at a level everyone can afford. The Cube series is built with the same high-grade aluminum alloy housing that BASE6 has become known for. Inside, the BASE6 Cube series are feature-packed, with a black exposed printed circuit board, forward projecting optics that optimize the light output and back-lighting. The BASE6 Cube RGB is designed for the customer who wants a truly custom look for their vehicle!

- RGB backlight colour (7 Selectable options)
- Sold as a set of two
- High-Grade Aluminum Construction
- Alloy Housing and Heatsink
