

SINGLE COLOUR ROX LIGHTS

UNCONDITIONAL PERFORMANCE.

These compact near bullet proof high output rock lights provide a direct surface mount solution in applications where there are no standard fixtures to fit lights. Highly versatile 120 Degree wide output flood offers endless installation possibilities.

Whether you're lighting the path for your four wheel drive, a truck hitch area or boat deck, their IP69K waterproof rating and lifetime warranty has you covered for years to come.

ANY PLACE. ANY HOW.

Rain, hail, or shine; our ROX Lights are built to last. With an endless range of application options, the BASE6 ROX Lights will suit any need.

Built tough! Our Rock Lights have been tested to an IP69K standard. This means that you can mount the ROX lights to any desired position on your vehicle, while being sure that the lights will be able to withstand any water immersion or high-pressure spray downs.

ITS IN THE DETAILS.

Our single colour ROX Lights are available in White, Red, and Amber LED colour options, also offered in a black or marine white housing.

The 966 raw lumens easily lights up 30sqm, and with a lifetime replacement warranty, you'll be able to keep this friend by your side for years to come. The ROX Work Light is the perfect way to light up your camping and 4wd trips. With a wide range of mounting accessories available, it's easy to find a way to fit this light into your setup.

Choose the BASE6 ROX Lights for a compact, high-output, direct surface mount solution in any application. With endless installation possibilities and a lifetime warranty, these lights are built to last and will suit any need. Don't settle for less, choose the best - choose the ROX Work Light.
